Challenges Faced by House of Worship

Live Streaming Reliability

Congregation members joining online expect the same quality experience as those in the room.

Audio-Video Integration

Complex AV systems in large venues require specialist knowledge to maintain and operate.

Volunteer Operators

Most worship tech teams are volunteers — equipment must be simple and reliable to operate.

Tight Budgets

Non-profit organisations must maximise value from every investment in technology.

Multi-Platform Delivery

Services must reach audiences simultaneously on YouTube, Facebook, website and in-house screens.

Ageing Infrastructure

Legacy AV systems in older buildings require careful integration with modern streaming technology.

How Sugam Solves It

1

Live Streaming System Setup & Support

Design and maintain reliable streaming workflows delivering your services to every platform.

2

AV System Maintenance Contracts

Affordable AMC packages keeping your audio, video and lighting systems in perfect condition.

3

Volunteer Training Support

We configure systems for ease of use, reducing the technical burden on your volunteer team.

4

Multi-Platform Encoding Solutions

Simultaneous delivery to YouTube, Facebook and custom platforms from a single encoder setup.

5

Emergency Call-Out Service

Priority response before major services and festivals so your congregation is never let down.

Service & Support

Preventive maintenance, emergency repairs, fault diagnosis & installation

AMC Contracts

Flexible annual maintenance packages for predictable costs & guaranteed uptime

Equipment Sales

Genuine parts & equipment from leading broadcast manufacturers

System Integration

End-to-end broadcast system design, integration and commissioning
